DESIGNEDFROM Live in synergy with every detail NEW PERSIE E

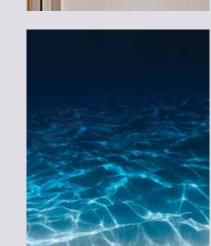

The architectural concept of Côtier House is an ode to the ocean. The undulating curves of the waves, the calming sea breeze, and the way light refracts and sparkles across the water's surface. The result is a property of design excellence, with the distinct feeling of belonging that only 'home' can emulate.

Distinctive ocean-inspired curves.

A feeling of belonging that only 'home' can provide.
